ONE PROFIT FROM MAKER TO WEARER. The Inside of your shoe should be the same shape as the outside of your foot.

No extra leather to curl up; no humps or uneven places in the sole or heel to make the feet sore and throw them out of shape.

Shoes are modelled on lasts that follow the shape of the human foot, and fit perfectly, insuring ease and comfort. Call at our

Too good-natured people, this advertisement is for you. A man we know was "atuck" here six years ago, and didn't know enough to come back for his money—too good-natured anyhow.

Bought somewhere else the next year; so didn't find out when we began to make first-rate clothing. He missed good clothes at right prices; we lost his trade. First-rate clothes won it back again, but it took time.

A quicker way: tell us of our mistakes at the time; we'll shoulder every one.
